D. I. UNT'S EYE SALVE cures sore eyes, with eyes, dimness of sight, inflamation of the eyes, bloodshot eyes, and all diseases of the eyes or eye-lids. It never gives pain, is never put in the eye, and effects great cures. It is equally good for corrupted and diseased; thus causing all pains, sickness we have it in our power to put a medicine in your reach, namely, Morse's Indian Roet Fills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery One of the roots from which these Pills are made is a Sudoritic, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage of the lungs, and thus, in a soothing manner, humors from the inngs by simples spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way.-The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they

cannot remain when the body becomes so pure and The reason why people are so distressed when sick and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and bronchitis, astima, pleurisy, catarris, influenza, sough, and all other disorders, if administered before the disease has struck a mertal blow at the great vital ergans.

SINGER'S SEWING MACHINES. In all the leading branches of manufacturing industry the great practical superiority of Singer's Sewing Machines is a fact established beyond dispute. No tailor, shoe manufacturer, clothier, seamstress, dress-maker, saddler, carriage trimmer, hat manufacturer, &c., &c., can afford to do without them.

One Thousand Dollars a Year Is only a fair average of the actual profit from the use of each one of these Machines, and, for confirmation of this truth, we refer to any one of the thousands of

persons who use them. They are adapted to every sort of work, fine or coarse upon silk, cotton, linen and woolen fabrics, also light and heavy leatner. They never fail to give entire satisfaction.

IMPORTANT TO TOBACCO CHEWERS! DR. GUSTAVUS LINNARD'S

TASTE RESTORATIVE TROCHES. The Great Substitute for Tobacco. It is a well known and incontrovertable fact that the nordinate use of Tobacco is the promoting cause of the most severe

MENTAL AND PHYSICAL DISORDERS to which the race of man is subject, as careful analysis and long and painful experience have clearly proven and long and painful experience have clearly proven that it contains certain narcotic properties most insidious in their effects, which, by entering into the blood derange the functions and operations of the Heart, causing many to suppose they are troubled with a chronic affection of that organ.

TOBACCO affects also the entire pervous system, manifesting itself—as all who have ever used the positive word will bear testimony—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character.

THE TASTE RESTORATIVE TROCHES Are designed to counteract these baneful influences and have proved completely successful in a mulfitude of cases, and wherever used. Being harmless in them-

selves they exert a benefical effect upon the entire system, restoring the Taste which has become vitiated by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throatwhich are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the Stomach, invigorate the whole system. NO EXCUSE

Need henceforth ever be made by TOBACCO CHEW-ERS that there exists no perfect sub-titute or relief for their cravings and unpleasant feelings, when attempt-ing to break off from the use of Tobacco, as the TROCK-Es or Lozengers are warranted to aerform all such offices. They are put up in a convenient and portable style at 50 Cents per Box and can be had of all respectable Druggists. A liberal discount to the
